Vendors Comments

We have loved living in our detached home, its been great to know that we wouldn't be disturbing anyone with our newborn when we first moved in. Whilst living here we firstly renovated the rear southfacing garden to a friendly family/child safe garden and patio area. We have spent some great times out there enjoying the sunshine with our little ones and friends and family have enjoyed bbqs and summer nights together. Our home has given us the space we needed to bring up a young family, plenty of room for toys and playing as well as quiet reading corners for us grown ups. Christmas and Birthdays have been great times here, with lots of space for gatherings and get together's. Our bedrooms have been a haven for us with the children each having their own space to enjoy and the parents having a stylish comfortable bedroom to retreat to at the end of the day. With having a big family the extra bathroom has been of great benefit to us. Our turnaround on changing the front lawn into driveway space with a dropped kerb has been most beneficial to us being a two car family, it means we can safely load our children in and out of the car. If we could pick this house up and move it to the village we dream of living in then we wouldn't be moving, we hope the next residents are as happy as we have been here.
