ABOUT THE LOCATION

Easily accessible from London with a mainline rail link from Waterloo, Weymouth offers an eclectic abundance of sporting, leisure and recreational facilities as a destination retreat for all year round.

British Seaside Town, with a piered pavilion, fun fair, promenade around the Bay, arcades, fudge & sweet shops and of course fish and chips.

The iconic watersports scene, home to the National Sailing Academy, was re-juvenated by the London 2012 Olympics – hosting some of the best competitions and instructors in the UK, being based at local training centres on the Chesil. Weymouth harbour itself covers an area of 8.6 square kilometres and is ideal for sports such as sailing, windsurfing & kiteboarding as it is exposed to reliable winds from most directions, combined with Chesil Beach and the breakwater offering shelter enough from large waves and currents for more leisurely sports such as paddleboarding, kayaking & fishing.

The town centre and restaurants of Weymouth are also easily accessible by boat with both the Quay and Marina located just under 2 miles from No.1 Chesil. Weymouth Quay is now boasting an array of renowned fish restaurants and eateries with fresh fish coming into the Quay daily, such as The Crab House, Sea Beats and Rock Fish to name a few. If going out further on the boat for the day, the restaurants such as The Hut on the Isle of White, The Pig on the Beach in Studland, Rick Steins in Sandbanks and The Priory in Wareham can all easily be accessed via the water should you keep a boat in the Weymouth Marina or come up to the Quay for the day.

On foot from No.1 Chesil, the South West Path provides a causeway for flat cycling or walking along the waterfront to the Quay and into the town (approx. 2 miles) and leading to the promenade along the bay.

Other leisure activities are also encouraged, with both horse riding and dog walking allowed on the beach all year round.

Weymouth is a great place for leisure, with the vibrant cobbled streets offering a variety of boutique shops, artisan cafes and galleries, as well as the popular Hope Square for its traditional pubs.

King George III is depicted on his horse on the famous landmark, the 'Osington White Horse' on the north of Weymouth on the South Dorset Downs – an ideal place for country walking with dogs, hiking and horse riding. The South West Coast Path also continues all along the Jurassic Coast, a UNESCO World Heritage Site and towards Studland.
