DESCRIPTION

Wayland Cottage is a delightful stone-built cottage superbly situated around the village green.

The property is entered directly into the living room with a large wood-burning stove, featuring exposed stone walls and built in shelving. The room has a window to the front and offers a well-proportioned living space. The kitchen is to the rear of the property; it features a range of wall and base units with integrated appliances. The galley style kitchen has been altered to make a breakfast bar seating area and cooking space.

To the first floor there is a large double bedroom looking over the village green, there is also a further double bedroom to the rear and a fully tiled family bathroom offering a bath with shower, wash hand basin and W.C.

Externally the property benefits from a self-contained garden room with electrical and water supply, this has doors to both the rear garden and patio towards the house. There is also a large wooden shed/garage which offers additional storage or workshop space.

The rear garden can be accessed through a large gate to the side of the property; it then extends south towards the beck. The garden borders the neighbours' garden without any current boundary fencing.
