Immediately to the left a converted external storage room has now offered a ground floor shower room alongside a WC with frosted glass window to the front. Through from the hallway and to your right you will step into the kitchen which is set upon tiled flooring where initially a mixture of wall and base mounted storage units are paired with tiled splashbacks with space remaining for multiple freestanding appliances and plumbing for a washing machine and dishwasher. The property opens up at the very rear in the form of a 17' sitting room which has been tastefully decorated by the current owners and set upon all wooden effect flooring. This space is conducive to a potential choice of layouts due to its large conventional size with uPVC double glazed window and separate French doors both opening towards the rear garden.

The first floor landing splits in both directions to allow access into three double bedrooms as well as a large internal storage cupboard and modernized three piece family bathroom suite with a part tile surround, tiled flooring and vanity storage. The two smaller rooms sit towards the very rear of the property, each of which being more than capable of hosting a double bed however currently used for alternative purposes.

The slightly larger room sits upon all wooden effect flooring whilst the smaller of the rooms has newly fitted carpet and more than enough space to accommodate a large bed with further storage solutions. The larger of the bedroom sits towards the front of the property and is more than large enough to accommodate two double bed with additional storage solutions and soft furnishings.
