The kitchen/dining room forms the heart of the home, with fitted units, an instant boiling water tap and plenty of space for a dining table. The original fireplace and alcove storage add character.

The first floor provides two generous double bedrooms and a family bathroom, together with a cleverly converted third bedroom now serving as a bespoke walk-in wardrobe.

The lower ground floor adds further versatility, with a double bedroom, modern shower room and useful utility area. There is a dedicated space ideal as a games/hobbies or cinema room ideal as for entertaining and leisure pursuits.

The rear garden can be accessed directly from the home, as well as via a side gate providing convenient access.

The garden has been designed with socialising in mind, featuring a fire pit as a focal point and external electrical sockets, ideal for summer evenings and entertaining.

Important upgrades include a new Worcester boiler installed in April 2025, new radiators throughout, new carpets and vinyl flooring and new front and rear guttering installed in January 2026. The loft has been fully boarded and insulated, providing additional storage.
