Ruardean is a village located in the Forest of Dean district of Gloucestershire. It is situated in the northern part of the Forest of Dean, approximately 14 miles (22.5 kms) west of the cathedral city of Gloucester.

The village offers a range of village amenities including a shop, primary school, a village hall, and a church. Ruardean features a mix of traditional stone cottages, newer residential properties, and a few local businesses. The village has a strong sense of community, and various community events and activities are organized throughout the year.

The village has a rich mining heritage, with coal mining being a significant part of its history. While the mining industry has declined, Ruardean still retains remnants of its industrial past, including old mine workings and mining-related structures.

Ruardean's location within the Forest of Dean allows residents to enjoy the natural beauty and tranquillity of the area. The forest provides opportunities for wildlife spotting, nature walks, and exploring the scenic landscapes.
