*AVAILABLE NOW - Lets Live are proud to present this one of a kind four storey townhouse situated in the heart of Birmingham's Jewellery Quarter. This small gated development of townhouses was formerly a Silver Works and has been lovingly converted into residential properties, maintaining much of its original features and charm, with the added wow factor of a car lift and turn table.

The property is set over four floors, offering an amazing city centre living space. The basement level offers a large double bedroom with it's own ensuite bathroom. A beautiful original staircase and additional spiral staircase lead up to the ground floor where an open plan lounge and study area can be found.

Moving to the first floor, the open plan kitchen and dining room offer great entertainment space, with plenty of natural light and real wood floor features both here and in the master bedroom. A washroom can also be found on this level.
