Overview

Pleasantly set in this popular Torrriageside village, is this substantial centrally heated and double glazed stone faced 2 storey former commercial premises, which the vendor advises has been recently reroofed, with planning consent granted providing an attractive opportunity to convert to 2 residential properties (with some works currently commenced including the installation of separate services and partitioning of some rooms), with gardens and parking. Planning consent was granted by Torrridge District Council on 14th August 2020, under application number 1/0330/2019/FUL, for the conversion of the former Green Dragon Public House to two residential properties, along with the erection of 2 detached houses within its grounds. With the houses having already been built, the planning consent for conversion is now deemed extant. Additionally, subject to any required planning consent, the property could be utilised as a substantial single dwelling, with the highly adaptable accommodation being suitable for multi generational living.

Currently the accommodation provides to the ground floor the room layout suited to the functioning of the former public house including a bar area, games room, kitchen, store, cellar etc, whilst to the first floor is the adaptable living accommodation of 4/5 bedrooms, kitchen, and bathroom, as identified on the floor plan for the property.

Langtree is a popular Torrriageside village housing local amenities of a primary school, All Saints Church, and a community centre, with a regular bus service running through the village to the nearby town of Great Torrington, with a good selection of shops, schooling for all ages, and in the opposite direction to the North Devon market town of Holsworthy. Barnstaple, North Devon's Regional Centre, is approximately 30 minutes driving distance away, and houses the areas main shopping business and commercial venues. Exeter, Devons capital city, is also within easy reach.

Outside

Externally to the property is a parking area, along with an area which will provide gardens for the 2 converted properties. At present, there is a workshop, 2 storey barn, and a log store - however if the current planning consent is implemented, these are shown to be demolished. The premises are located to the edge of the village, adjoining open countryside with views thereover, to the Tors of Dartmoor in the distance.
