Property Details

This characterful and spacious three-bedroom end-of-terrace house sits on a generous corner plot, providing over 1,800 square feet of living space, a private garage, and a full-height cellar. Cherished by the same family for decades, it presents a rare opportunity to restore and modernise its elegant Victorian features. The handsome façade, side-set entrance, and corner position ensure privacy and fill the interior with natural light from three sides. Inside, a welcoming hallway with original coving leads to a bright double-aspect reception room with a large bay window and high ceilings. The dining room at the rear opens onto the garden and flows into the kitchen, which has potential for a modern open-plan layout. The rear garden is low-maintenance and spacious, with a brick-built garage providing secure parking. Upstairs, three double bedrooms and a family bathroom offer scope for modernisation, while the cellar extends the home's footprint with direct garden access.
