This impressive three storey stone-built home is situated in the heart of the village, a couple of doors down from Ashover Farm Shop and Stamp coffee shop and post office. A public footpath to the left of the garden heads towards All Saints church. A gate to the left of the front door and stone wall and picket fence enclose the courtyard garden. To the right is a gravelled area which is surrounded by a wrought iron fence and has space for planters.

Enter the home through the part-glazed wooden front door with brass handle and decorative owl knocker.

The L-shaped worktop on the left has an integral contemporary black 1.5 sink and drainer with chrome mixer tap. Further round, the Baumatic five-ring gas hob has a sleek black-and-curved-glass extractor fan above. There are a range of high and low level fitted cabinets with chrome handles, including an integral Bosch dishwasher - with downlighters over the worktop.

To the right, the AEG double chest-height oven is set within another range of fitted cabinets, which include a tall pull-out pantry cupboard. There is a small granite worktop and more downlighters. The kitchen includes a radiator, recessed ceiling spotlights, Amtico flooring, Orla Kiely fitted blinds and space for a fridge-freezer. A white panelled door leads to the inner hallway.

Inner Hallway

With laminate flooring and two ceiling light fittings, this area has stairs leading to the upper floors and a door into the living room.

Living Room

13'11" x 13'5" (4.26 x 4.11)

The oak laminate flooring flows seamlessly through from the inner hallway. The focal point of this room is the large cast iron multifuel burner and flue, set upon a tiled hearth within the substantial chimney breast. There are alcoves on each side. The room has a high ceiling with coving and a ceiling light fitting, radiator and wall lights. Double patio doors lead out to the courtyard garden and a half-glazed wooden door leads to the driveway parking area via a shared access pathway. A white panelled door leads down to the cellar.

Stairs to first floor landing

From the inner hallway, wide carpeted stairs with a handrail on both sides lead up to the first floor landing. At the landing there are oak floorboards, two ceiling light fittings, a radiator, south facing window and stairs continuing up to the second floor. White panelled doors open into the bathroom and Bedroom One.

Bathroom

11'9" x 9'10" (3.6 x 3)

The roomy L-shaped bathroom has a large jacuzzi corner bath with chrome mixer tap and contemporary tiled surround. Overhead is a mains-fed shower with monsoon shower head and hand-held attachment. We love the well-worn steps down to the cellar, demonstrating just how long these have been in use. There is a handrail on the right and bevelled pine door with iron latch opening into this whitewashed room. It's a large, dry cellar with original stone shelving providing lots of storage space. There is space, power and plumbing for a washing machine, tumble dryer and appliances. The room also includes two strip lights and a Baxi boiler.
