- Sought after village location

This fantastic three-bedroom house has a favoured west-facing garden as well as a garage and private drive. On the ground floor is a modern kitchen with hi-gloss units and an attractive wood effect work surface, a stainless steel Zanussi electric oven and a gas hob with a stainless steel splashback. There is space for a washing machine, a dishwasher and a large fridge freezer. There is also room in the kitchen for a small breakfast table but you could equally have a dining table in the adjacent living room which is extremely spacious. In the living room, double doors with windows on either side give a lovely outlook onto the good size garden which is west facing meaning you can enjoy the sun into the early evening. There is also a downstairs WC. Upstairs are three bedrooms and a bathroom. The master bedroom is at the back of the house overlooking the garden and has an ensuite shower room with a modern white suite. All the windows are double glazed as you would expect from a recently built property.

This popular private estate is located on the edge of Henfield Village in a semi-rural location. The estate has been thoughtfully designed and landscaped and the houses are laid out to allow for maximum privacy, with the front of this house looking out onto open space. Just around the corner, in the middle of the estate is a children's playground. All the amenities of the busy village of Henfield are close by and there are country walks on your doorstep. Two minutes from the house you can join the Downs Link cycle and footpath which runs from Shoreham to Guildford. The popular Cabin at Berrett's Farm, just off the pathway, serves tea and coffee, where you can sit at the picnic tables and enjoy the fantastic views at the end of a long walk. Henfield is a busy village with all the usual amenities, including local shops, a supermarket, four pubs, numerous cafes, its own school and a thriving public library.

What every developer has to do is make the most of the building's footprint, make the most of every square foot and create a space that is both functional and beautiful.
