Company, with additional WC and washroom space adding further convenience. The layout provides a good balance between private bedroom accommodation and shared family areas.

The second floor provides two further bedrooms, creating an excellent degree of separation from the main family accommodation. These rooms are linked by an additional room which would lend itself particularly well to a Jack and Jill-style bathroom having plumbing already installed. Both bedrooms offer generous proportions and built-in storage, making this level particularly well suited to private guest accommodation, teenage bedrooms or a peaceful principal bedroom arrangement.

Outside, the property is approached via a large driveway providing extensive off-street parking for multiple vehicles. The generous parking area offers excellent flexibility and could comfortably accommodate several cars, as well as larger vehicles such as horse boxes or motorhomes, making the property particularly appealing to those requiring substantial parking and storage space. Two high-quality stable blocks at the rear of the property, built by J. Goodrich Equestrian, providing excellent equestrian facilities for the keeping and care of horses.

The property also benefits from lapsed planning permission for a separate dwelling within the garden, offering an exciting opportunity for those looking to explore the potential for additional accommodation, subject to obtaining the necessary consents.
