Straight ahead is a large living room, opening to the conservatory overlooking the rear garden. On the first floor, the main bedroom offers plenty of room, and has a well equipped modern en-suite shower room. The fourth bedroom could easily be used as a study or hobbies room and looks over the view at the front, with the main bathroom adjacent. On the second floor are two further double bedrooms.

Outside

At the front, there is a small patio garden with room to relax with a cuppa looking over the green. At the rear, accessed from the conservatory or a pedestrian gate from the path, the garden has been paved for easy maintenance with raised beds containing mature shrubs and plants to soften the space. There is a covered area providing shade and shelter whatever the weather. The pedestrian door leads to the first garage, currently being used as a 'pub', that flows through to the utility room at the rear of the second garage, and on to further storage.
