Step Inside

The property is approached via a part-glazed front door which opens into a welcoming entrance hall. The entrance hall provides access to all of the principal reception rooms, the kitchen/breakfast room and utility room beyond, as well as the downstairs cloakroom. The staircase rises to the first-floor landing, with useful under-stairs storage and a further coats cupboard providing excellent storage space.

The downstairs cloakroom comprises a low-level WC and wash hand basin.

The generously proportioned living enjoys a pleasant dual aspect, with a feature bay window overlooking the side elevation and glazed French doors providing direct access to the rear garden. The room offers a versatile and comfortable space for both everyday family living and entertaining. The separate dining room is positioned at the front of the property and features an attractive bay window, creating a bright and characterful formal dining space. A third reception room, currently arranged as a study, benefits from windows to both the front and side elevations, making it an ideal home office, study or additional reception room.

The kitchen/breakfast room forms a particularly useful and sociable part of the home, with a range of fitted wall and base units incorporating an inset stainless steel sink and drainer. Integrated and built-in appliances include a double electric oven, six-ring gas hob with extractor hood over, integrated dishwasher and integrated fridge and freezer. Glazed French doors open directly onto the rear garden, allowing plenty of natural light into the room and providing a convenient connection between the kitchen and outside space. The tiled flooring continues through into the adjoining utility room.

The utility room is fitted with a further inset stainless steel sink unit with storage cupboards beneath, together with plumbing and space for an automatic washing machine. A part-glazed door provides direct access to the rear garden, making this a highly practical area for family and household use.

The first-floor landing is approached via the main staircase from the entrance hall and benefits from a window on the half landing overlooking the side elevation. There are four generously sized bedrooms on this floor, including the principal bedroom, which benefits from fitted wardrobes and a private en-suite shower room. The remaining bedrooms provide excellent flexibility for family accommodation, guests or home working.

The well-appointed family bathroom is also located on the first floor and comprises a four-piece suite, including a low-level WC, pedestal wash hand basin, panelled bath and separate shower enclosure. An obscure-glazed window to the front elevation provides natural light while maintaining privacy. An airing cupboard provides additional storage and houses the hot water cylinder and pressurised water system.

A further staircase rises from the first-floor landing to the second-floor landing, where a side-aspect window provides natural light. This floor offers two additional bedrooms, plus a

dressing room (possible seventh bedroom) both of which are well-proportioned double bedrooms. The largest of the two bedrooms benefits from a full en-suite bathroom incorporating a separate shower, providing an excellent degree of privacy and flexibility for larger families, teenagers or guests.

The second-floor landing also provides access to a useful storage cupboard and loft space.

Step Outside

Externally, the property is approached via a small, low-maintenance front garden laid predominantly to slate and decorative stone. To the rear is a mainly lawned garden, complemented by paved seating areas. The garden is fully enclosed, making it well suited to families and those seeking a private outdoor space.

A feature of the property is the detached double garage, which is accessed from the rear garden. The garage benefits from power and lighting, with twin up-and-over doors to the front. There is driveway providing parking immediately in front of the garage for two vehicles.
