Mill Street
Eynsham, Oxfordshire

Guide Price £750,000

A unique and substantial period village home with shop space in the very centre of this sought after village some 6 miles outside Oxford. The shop element now has planning permission for change of use to residential (Ref: 26/00603/PN56) providing endless options for imaginative re-development of the overall living space. Formerly three Cottages with period origins dating back to the early 1800's and beyond, the property comprises a 3/4 Bedroom home with flexible accommodation over two floors, a private courtyard garden, ample storage and off-road parking, and a ground floor shop unit with street frontage. With local authority permission granted the shop space can now be incorporated into the living accommodation to form one large family home. The property is arranged in such a way that could accommodate an annex or self-contained cottage with some imaginative re-development. Furthermore it boasts substantial storage and off-road parking at the rear with possible development potential (subject to planning permission). The accommodation is currently approached from the rear through the south facing private courtyard garden. The well proportioned and adaptable living space has gas central heating and includes a newly re-fitted kitchen, cloakroom, sitting room with a wood-burning stove, utility/boot room. The first floor has a refitted bathroom and shower room, 3/4 bedrooms, and a second sitting room. The former shop unit boasts delightful period features including old fireplaces and beams, frontage to Mill Street, and would be a wonderful addition to the living accommodation. This is undoubtedly a property with endless possibilities and significant potential to update, re-model, and develop. With impressive living accommodation presented in good decorative condition, a larger than expected plot, ample off-road parking, and the ability take this to 100% residential use, viewing is highly recommended.
