DESCRIPTION

Ashley Court is a highly desirable development of Georgian style town houses standing within mature tree lined grounds. The location is ideal being positioned adjacent to the village centre of Hale with its range of individual shops and restaurants and train station providing a commuter service into Manchester. In addition, approximately one mile distance is the comprehensive shopping centre of Altrincham with its highly popular Market Hall and Metrolink station. The property is equally well placed for the borough's highly regarded primary and secondary schools, the surrounding network of motorways and Manchester International Airport.

The accommodation is exceptionally well presented and to a high standard throughout. The impressive kitchen features contemporary units complemented by Corian work surfaces and De Dietrich appliances and the luxurious bathrooms are superbly appointed.

The interior is approached beyond porcelain tiled steps flanked by a wrought iron balustrade and composite Rockdoor surrounded by an ornate period style pilaster. The spacious entrance hall forms a welcoming reception area with stunning parquet flooring and is largely laid out for open plan living but split into distinctive areas. The naturally light full depth sitting/dining room is adorned with the aforementioned hardwood flooring and enjoys an elevated position overlooking the delightful grounds. The adjacent kitchen has been carefully designed and is fitted with a comprehensive range of high gloss units alongside a full range of integrated appliances.

The lower ground floor features a suite comprising double bedroom, which is currently used as a family room, and modern shower room/WC. There is also internal access to the integral double garage from the hallway and a substantial cloaks closet.

Overlooking the tree lined gardens at first floor level the excellent primary bedroom benefits from bespoke fitted furniture and a fully tiled en suite shower room/WC. There are two further generous double bedrooms with fitted wardrobes and a stylish family bathroom/WC.

Gas fired central heating has been installed together with a pressurised hot water system, cedar wood internal doors and PVCu double glazing throughout.

Externally off road parking is available within the driveway and an adjacent external store provides a useful area for recycling and waste bins. The integral garage with remotely operated door has been replanned to create a desirable utility area whilst preserving space for secure parking if required. The attractive communally maintained rear gardens are laid mainly to lawn with mature shrubs and trees providing a high degree of privacy and importantly there is a decked seating area which is ideal for al fresco dining during the summer months.
