## EXTERNAL DETAILS

To the rear of the property is a lawned garden with patio, well planted borders and a summer house.

To the rear of the property is a detached double garage.

To the front of the property there are three private parking spaces.

## THE OPPORTUNITY

This well established and very popular guest house has been owned by the same family for over 13 years, and they are now looking to pass the business over to new owners. The guest house has an excellent reputation for the warmth of the welcome, comfortable accommodation and benefitting from being one of the most centrally located guest houses in Keswick. This is a turnkey opportunity for a new owner to run the property either as a guest house or holiday let.

The business is currently trading successfully as a guest house however the owners choose to operate below the VAT threshold. There is, therefore, scope to improve the current business performance by extending the opening and increasing the room count by converting the suite on the first floor into two separate double en suite bedrooms.

Alternatively, a change of operation to a single unit holiday let would allow a new owner to be hands off from the day-to-day operation, passing the running to a holiday cottage letting agent and operating the property as investment income.

## TRADING INFORMATION

The business has been traded as an owner operated guest house, however the owner has recently applied for planning consent to operate Swiss Court as either a guest house or a standalone holiday let, thereby allowing the option to operate the business to meet the strong demand for quality guest house accommodation or the significant and growing demand for large single unit holiday lets. Currently trading as a guest house, the average room rate is circa £110 per night.

When trading as a standalone, single, self-catering unit, the owner would target a gross rental income of circa £150,000 per year with the opportunity to grow this further as the business becomes more established within this sector.
