Summary:

Bryan Bishop and Partners are delighted to bring to the market this superb detached four double bedroom, two bathroom family home in the centre of the vibrant and popular village of Knebworth. Set within a few minutes' walk of the nearby mainline station, this property offers spacious and versatile accommodation in a wonderful semi-rural setting, yet is within easy commuting distance of central London. Boasting ample off street parking, an integral garage, separate living room, study/office, utility/laundry room/guest cloakroom and a substantial kitchen/dining/family room opening out into the West facing garden through a large set of bi-fold doors, this property is in first-class decorative order inside and out and ticks all the boxes for modern family life.

Accommodation:

The attractive front door, with patterned glass insets and matching window to the side, is set within a pretty, tiled roof, protective porch and welcomes you into a spacious, bright entrance hall. The hallway extends beneath the stairwell and back through the house, passing doorways into the study/office and well placed utility/laundry room/guest cloakroom, before offering an extended open view right through the double doors leading to the kitchen/dining/family room and out into the garden beyond.

The front facing living room is a nice size and shape, with a substantial window allowing the light to flood the room. Comfortably large enough to swallow multiple sofas and chairs with ease, this room gives you a whole host of options as to how best to configure and furnish the generous space to really suit your needs.

Adjoining the living room is the study/office, another room ideally suited to the role, and readily capable of hosting multiple workstations. The side window allows in plenty of natural daylight making this a pleasant environment in which to work from home, and imbues the space with a flexibility that enables it to serve you just as well in an alternate capacity, maybe as a playroom, home gym or arts and crafts studio should you not need an office or find it more suitable to locate it in one of the many first floor bedrooms.

Across the hallway from the study/office is a utility/laundry room ideally placed to augment the main kitchen, which doubles up in fine style to provide a convenient guest cloakroom. The whole of the rear of the house is taken up by the outstanding open plan kitchen/dining/family room. This really is an exceptional space, large by any standards at twenty-eight feet in length, and bathed in natural light through a large window within the kitchen area and a fabulous set of multi-panel bi-fold doors that open the rest of the room out into the West facing garden. The kitchen area has been intelligently placed into a natural recess at one end of the room, presenting a strong ergonomic as well as visual design, further enhanced by the appealing two tone cabinets. The perimeter is lined with a full complement of wall and floor mounted cupboards, ensuring more than ample storage as well as plenty of worktop area, which is expanded by the inclusion of a stylish centrally placed island incorporating a neat breakfast bar. All of the appliances you would expect in a house of this size and quality are integrated within the cupboards, with the aforementioned utility/laundry room next door in full support. The remainder of the room is left as open floor space for you to use as you wish. Certainly it can easily cope with multi-tasking as a dining and family room, just as it does now, with its seamless connection out into the garden really paying dividends during day to day life, and particularly when entertaining guests. This is a terrific room, flexible, versatile and without doubt destined to be the hub and heart of this wonderful family home.

Upstairs the staircase opens onto a spacious and abundantly lit hallway with an attractive galleried arrangement over the stairwell. Here we find the four bedrooms, all doubles, and the family bathroom which has a bath with a shower fitting and screen above it. The main bedroom boasts generous fitted wardrobes and a luxury en suite shower room.

Exterior:

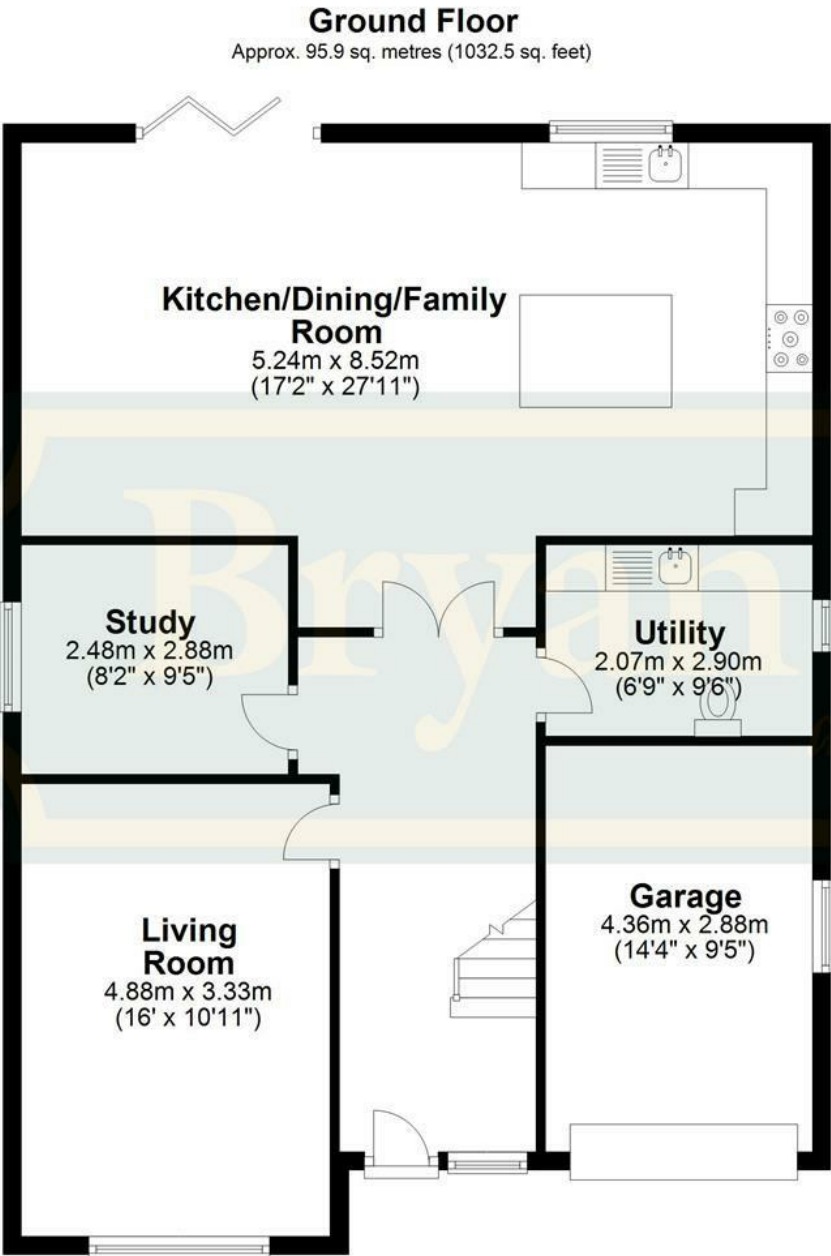

The attractive frontage is set beyond a block paved driveway that leads up to the integral garage and front door, with the rest of the frontal area laid with gravel to provide ample off-street parking for multiple cars. A useful gated side path gives direct access into the rear garden which is secure and fully enclosed, so ideal for pets and children. The path from the front skirts the outside of the rear of the house before opening out into a patio area just outside the bi-fold doors from the kitchen/dining/family room. The garden is West facing and pleasantly sheltered by mature trees along the rear boundary, making it a great place for spending time together as a family and for entertaining guests. It is simply and effectively laid out with flower borders, a lawn at the centre and a useful shed in the far corner.
