Description

This beautifully extended home combines character with modern finishes, creating a space that is both elegant and welcoming. The ground floor includes a bright rear aspect sitting room that enjoys views across the private walled patio garden, a peaceful spot to unwind at any time of day. At the heart of the house lies the newly designed kitchen dining space, fitted to a superb standard with integrated appliances, quality flooring and a dramatic vaulted ceiling that adds a real sense of openness. Extra windows bring in natural light, making this a sociable and uplifting area for both everyday family use and entertaining. Two spacious double bedrooms with fitted wardrobes are also located on the ground floor, supported by a contemporary family shower room, ensuring flexibility for guests or single level living if desired. On the first floor, the master bedroom benefits from eaves storage and its own luxury en suite. This has been finished with great care, offering a freestanding roll top bath, heated towel rail and a useful range of built in cupboards, combining a traditional feature with modern convenience. Outside, the property is equally appealing. The landscaped rear garden has been thoughtfully designed with a smart patio and seating areas, together with a shed and a fully equipped home office, ideal for remote working. At the front, the driveway provides ample parking for several vehicles, a rare advantage in this sought after part of south Farnham.
