#### SETTING THE SCENE

The property is set back from the street where a leafy aspect creates a welcoming atmosphere with a low level brick wall giving way to a courtyard style front garden.

#### THE GRAND TOUR

Once inside, the sitting room is the first living space to greet you, laid with carpeted flooring featuring bay fronted wooden frame sash windows allowing natural light to fill every corner of the room whilst a rejuvenated centrepiece fireplace features original style tiling, solid timber mantle and tiled hearth with thermal wallpaper sat just behind this on the external wall. Heading past the stairs for the first floor, a separate dining room emerges again set upon carpeted flooring with the added benefit of a handy under the stair storage cupboard where newly rejuvenated fuse boxes can be found to the rear of the home. Recent modernizations in 2025 include a brand new kitchen with solid stone work surfaces accompanied by a multitude of wall and base mounted storage units leaving room for freestanding white goods and appliances with tiled splashbacks and the handy addition of a rear porch style entrance to the side. At the rear of the property a modernized family bathroom suite features a walk in shower unit featuring tasteful aqua board surround, frosted glass window to the outside and low level radiator.

The first floor landing gives access into each of the three bedrooms with the two largest bedrooms coming either side of these stairs with both being more than capable of hosting a double bed with further storage solutions.

The third bedroom sits to the very rear of the home just off from the second double with views into the rear garden through one of many recently rejuvenated wooden frame sash windows.
