This impressive three bedroom staggered terraced property occupies a desirable position within a private close on the ever popular Greenwood homes development. The property has been fully renovated over the last five years, with the current owners putting considerable thought and care into creating a modern, comfortable and practical home.

The ground floor consists of a spacious lounge, modern kitchen /diner, utility room, downstairs WC and newly created hallway. Porcelain tiles run throughout the kitchen /diner, utility room , hallway and downstairs WC, giving the ground floor a smart and contemporary finish. Solid oak doors have been fitted throughout the downstairs, including a particularly attractive feature sliding oak door, while the oak and glass banister adds a stylish finishing touch.

The lounge offers a comfortable and relaxing space, with a large bay window flooding the room with natural light. Whilst the separate kitchen/diner provides the perfect setting for family meals or entertaining friends. The kitchen/ diner work particularly well together, creating a sociable part of the house with a good flow between the spaces.

The newly added utility room is both practical and well thought out, providing additional storage and keeping everyday household jobs tucked away. The downstairs WC is another welcome addition, while under the stairs there is even a bespoke built-in dog bed . A great example of how the owners have made the most of every inch of space.
