A distinctive, individually designed detached bungalow on a substantial plot in Blythe Bridge.

Making an impressive first impression, this established detached bungalow combines characterful accommodation with generous grounds and a desirable non-estate setting.

The block-paved driveway provides ample on-site parking space and leads to a detached garage, while the brick boundary wall, neatly clipped hedge and established planting create an attractive approach.

Inside, a welcoming entrance hall leads to a bright and inviting lounge, where a bay window and second UPVC window draw in natural light. A white Adam-style fireplace with inset, hearth and fitted gas fire provides an elegant focal point, while decorative coving adds a finishing touch. From here, an inner passage with sliding doors opens into the conservatory—a lovely place to relax and enjoy a view of the garden, with double patio doors leading directly outside.

The kitchen and adjoining dining area offer a practical, sociable arrangement, complemented by wooden cabinetry, contrasting cream worktops and leaded-glass display cupboards. A separate utility room provides additional everyday convenience and storage.

A further passage leads to three bedrooms, including a principal bedroom with fitted wardrobes, overhead storage and a dedicated dressing area, together with its own en-suite shower room. Bedroom two also benefits from fitted furniture, while bedroom three is a well-sized double room. A good-sized family bathroom completes the accommodation.

To the rear, a block-paved patio provides an inviting setting for outdoor dining and entertaining, with a further paved area leading to the summerhouse. Gravelled sections and mature shrubs add both practicality and established greenery.

Conveniently positioned for the A50 Stoke-to-Derby link road and the M6 motorway network, this appealing home offers a rare combination of individual design, spacious living and established grounds. *NO UPPER CHAIN*
