PROPERTY

This exceptional detached eco residence represents a rare opportunity to acquire a thoughtfully designed, architecturally distinctive home in an enviable semi-rural position. Constructed with Siberian larch-clad elevations beneath a tiled roof, the house provides over 4,200 sq ft of beautifully arranged accommodation across four floors. Designed by the highly regarded, award-winning architects Re-Format, the house marries innovative, sustainable construction with refined contemporary living. A wealth of exposed structural timbers introduces warmth and texture, while expansive triple-glazed windows frame the surrounding landscape and allow natural light to permeate the interiors.

The accommodation has been carefully considered for modern lifestyles, featuring a bespoke kitchen fitted with high-specification appliances, smart home integration and underfloor heating throughout. Environmental performance is central to the design, with an air source heat pump, solar panels with battery storage, and a clean air ventilation and heat recovery system ensuring exemplary energy efficiency.

To the eastern elevation, a generous terrace enjoys commanding views across the adjoining paddocks – an idyllic setting for outdoor dining or morning coffee. In all, the property extends to approximately 2.2 acres.
