An excellent investment opportunity with a possible gross yield of over 10%. This well presented studio apartment is located in a quiet residential area of Huntington and offers comfortable, low maintenance living.

The main living space is designed to make the most of the available room, with a fold-away 4'6" double bed neatly built into the wall. This allows the space to easily change from a sleeping area to a living area during the day. The apartment benefits from a substantial cost-saving dual-rate electricity supply, with an Economy 7 dual-rate meter which supplies a modern wall-mounted storage heater with an LED touch-screen display.

There is also a separate fitted kitchen with a good range of storage and essential appliances, along with a modern bathroom fitted with a good-sized quadrant shower enclosure, a powerful Mira Airboost electric shower, and a heated chrome towel rail.

Included in the sale are all day/night window blinds and the following kitchen appliances, all in good working order: induction hob, fridge freezer, washer-dryer and fan-assisted oven.

Residents benefit from allocated private off road parking to the rear of the building, along with additional private off road parking available to the

front of the complex.

The apartment is conveniently located close to local shops, transport links and other amenities. It is within easy walking distance of Sainsbury's, Lidl and Co op supermarkets, as well as Caldys Nature Park and the River Dee. A family pub restaurant, local shops and takeaways can also be found just around the corner in Huntington.

As well as appealing to someone looking for a home in a great area, the apartment will also be attractive to property investors. The property has previously been rented for £775 per calendar month, which represents a potential gross yield of approximately 10.05% per annum.

The property also benefits from a very low service charge (building management fee), and there is no ground rent payable as the lease operates on a peppercorn basis.
