Yarwoods Farm

Set within circa 3.5 acres of mature land, off a quiet country lane, Yarwoods Farm presents a very rare opportunity to build a 7,000 square foot contemporary country house in a prime Cheshire location.

The farmhouse itself is a striking 3 story, brick built construction in good standing, with sought after views over open fields towards Bollington Lane. Approached down a no-through country lane, the planning approval allows for a sweeping, tree-lined gravel driveway from a private entrance and Yarwoods Farm itself gifts the buyer with a number of impressive re-development options.
