Description

Behind its white rendered façade, complemented by contrasting dark window accents, the property presents with a refined aesthetic. Internally, the house has been finished to an impressive standard throughout, with a cohesive flow between living spaces and a clear emphasis on light, proportion and practicality.

The ground floor has been significantly enhanced via both a rear extension and a double storey side extension, creating expansive and highly adaptable accommodation. At the heart of the home is a beautifully appointed kitchen/dining room measuring almost 20 ft in length, forming part of the rear extension and providing an excellent space for entertaining and day to day family life. Contemporary in design and generous in scale, the kitchen enjoys direct access to the garden and sits naturally at the centre of the home.

In addition, there are two further rooms to the ground floor currently arranged as bedrooms, though equally suited as formal reception rooms, a home office, reading room, playroom or snug depending on individual requirements. A stylish ground floor bathroom and a particularly spacious living room complete the accommodation on this level.

The first floor continues to impress, offering four well proportioned bedrooms, all thoughtfully arranged around a central landing. Of particular note is the inclusion of a second kitchen/breakfast room, an increasingly sought after feature ideally suited to multi generational living, independent family members or guest accommodation. The layout offers flexibility rarely found in homes of this style.

Externally, the rear garden enjoys the added benefit of a substantial garden room/outbuilding extending to approximately 200 sq.ft. This versatile structure lends itself perfectly to a home gym, studio, office, games room or additional ancillary living space.
