

Buxton Hall Court, Kirk Ireton, DE6 3JP

With a substantial two-storey extension, this home has a tremendous A-rating for the EPC. With effectively no upward chain (the owners are buying a vacant property), the home has an air source heat pump, solar panels on the house and garage roofs and new windows installed in 2017, the home is very energy-efficient. Located on a quiet cul-de-sac in this extremely popular village, the home also has a detached garage and driveway parking for two vehicles. The large modern hot tub in the south-facing garden is included in the sale.

On the ground floor, the entrance lobby and hallway lead through to the kitchen-diner and utility room and, at the rear, a sitting room and versatile second reception room. Currently a combined library/music room, it has previously also been a fifth bedroom and with double doors, can be easily incorporated with the sitting room to become a large space for friends and family to gather.

To the first floor, the upper floor extension comprises the master suite of a double bedroom and en-suite shower room. There are two further double bedrooms, a single bedroom and bathroom. The garden includes the spacious hot tub, dining patio and astroturf play area. In front of the home is the detached single garage and space for two vehicles to park on the driveway. Immediately behind the home is a large communal parking space - perfect for visitors to park in.

Kirk Ireton is a picturesque hilltop village with a highly-regarded primary school, church, village hall and public house. The village field includes a football pitch, petanque rink, tennis court and wildlife area, with walks directly onto open countryside, whilst the children's play park is well-equipped with picnic seating areas too. There are wonderful walking and cycling routes in all directions. Wirksworth - named Sunday Times best place to live in Derbyshire - is 3 miles away and the delights of the Peak District, Carsington Water and Chatsworth House are all a short drive away.

We love this bright and airy room, where the fully-glazed double French doors to the south-facing garden have tall windows each side, bringing lots of natural light in. The carpeted room has plenty of space for seating and additional furniture. Set upon the tiled hearth is an attractive multifuel burner with alcoves to each side. The room has a ceiling light fitting, two radiators and double pine doors into the library-music room. With the double pine doors opened up, these two rooms become the focal entertaining area of the home.
