145 John Street, Stoke-On-Trent ST8 6HP

A truly charming two double bedroom traditional semi-detached home, offering an exceptional amount of accommodation and outside space for its price point. Beautifully presented throughout and complemented by two reception rooms, a modern kitchen with open-plan dining area, utility, ground floor WC and substantial established gardens, this is a home that offers considerably more than first appearances might suggest.

Council Tax Band: A

A truly charming two double bedroom traditional semi-detached home, offering an exceptional amount of accommodation and outside space for its price point. Beautifully presented throughout and complemented by two reception rooms, a modern kitchen with open-plan dining area, utility, ground floor WC and substantial established gardens, this is a home that offers considerably more than first appearances might suggest.

Behind its handsome traditional frontage lies a warm and inviting interior which successfully combines the character and proportions of an older property with a stylish, comfortable finish suited to modern-day living.

The ground floor provides two separate reception rooms, beginning with a welcoming dining room ideal for entertaining and family gatherings. Beyond is an attractive lounge centred around a traditional-style fireplace and incorporating a delightful garden-facing seating area, where large windows frame views across the rear garden and allow plenty of natural light into the room.

The modern fitted kitchen features shaker-style cabinetry, contrasting work surfaces and integrated cooking facilities, opening directly into a wonderfully bright open-plan dining area. Surrounded by extensive glazing and with doors opening directly onto the garden, this creates a fantastic everyday living and entertaining space and provides a seamless connection between the house and its impressive outside areas.

Practicality has certainly not been overlooked, with the accommodation further enhanced by a separate utility room and ground floor WC.

Upstairs, the generous proportions continue with two excellent double bedrooms, both offering an impressive amount of space. The first-floor accommodation is completed by a spacious family bathroom featuring the increasingly sought-after combination of a separate bath and shower enclosure.

However, it is arguably the outside space that makes this property particularly special. The substantial rear garden is beautifully established and exceptionally well tended, with a generous lawn surrounded by an abundance of colourful planted borders, mature shrubs and trees. Pathways lead through the garden to a further paved seating and entertaining area, creating several places from which to enjoy this wonderful setting.

A large timber workshop provides excellent storage, hobby or workspace, whilst beyond the main garden lies a further additional garden area, adding yet another dimension to the property and offering potential for alternative uses according to a purchaser's individual requirements.

Although the property does not have designated off-road parking, on-street parking is available within the surrounding area, subject to availability.

Conveniently situated on John Street, Biddulph, the property is within easy reach of the town centre and its wide range of shops and everyday amenities.

For those looking for a home with character, generous room proportions and an unusually large garden at an attractive price point, this is an opportunity that deserves to be viewed. The photographs give a flavour of what is on offer, but the sheer amount of

accommodation and outside space really does need to be appreciated in person.

EXTERNALLY

The property enjoys a traditional frontage, set behind a neatly maintained mature hedge with paved pedestrian access leading to the main entrance.

To the rear is undoubtedly one of the property's most impressive features a substantial, beautifully established garden, particularly generous for a home of this type and price point. The principal garden is predominantly laid to lawn, complemented by paved pathways and an abundance of colourful, well-stocked borders, incorporating a wonderful variety of mature shrubs, flowering plants and established trees which combine to create an attractive and surprisingly private setting.

Immediately adjoining the property is a paved patio area, providing an ideal space for outdoor seating and entertaining. A pathway continues alongside the lawn and through the garden to a further paved seating and entertaining area, beautifully surrounded by established planting and providing another delightful place from which to enjoy the garden.

Positioned towards the rear is a large timber workshop, providing excellent storage and considerable scope for hobbies or workspace.

Beyond the principal garden lies a further additional garden area, adding significantly to the overall outside space and offering further potential for a variety of uses according to individual requirements.

Although the property does not benefit from designated off-road parking, on-street parking is available within the surrounding area, subject to availability.

The sheer size, maturity and presentation of the gardens are a real rarity at this price point and undoubtedly form one of the standout features of this delightful home.
