29 Sundial House, High Street, Skelton-In-Cleveland, TS12 2EF

£385,000

An outstanding Grade II Listed 4-bedroom period home combining timeless character with contemporary family living in the heart of Skelton.

Behind its handsome sandstone façade lies a home that exceeds expectations. Beautifully blending period charm with thoughtfully modernised living, Sundial House offers three floors of exceptionally versatile accommodation, stunning entertaining spaces and a lifestyle that's increasingly difficult to find.

From the moment you step inside, the house reveals its true proportions. Rich in original character, exposed timbers, feature stonework and inviting living spaces combine effortlessly with contemporary finishes to create a home that feels both luxurious and welcoming.

The heart of the property is undoubtedly the superb farmhouse-style kitchen, centred around a magnificent traditional AGA, creating both a striking focal point and a warm, homely atmosphere. Complemented by generous work surfaces and excellent storage, it is a kitchen designed equally for everyday family life and entertaining.

Flowing seamlessly from the kitchen is the spectacular hardwood Salisbury conservatory, a room that completely transforms the rear of the property. Flooded with natural light through its impressive glazed roof this exceptional space provides the perfect setting for relaxed family living, formal dining or simply enjoying the changing seasons all year round.

Practicality hasn't been forgotten either, with an adjoining utility room providing additional preparation space and cooking facilities, keeping the main kitchen beautifully uncluttered.

The ground floor continues with a generous dining area opening into the welcoming living room, where a log-burning stove creates a cosy focal point during the colder months. Beyond lies an equally inviting snug, perfectly suited as a second sitting room, reading room, children's retreat, or a dedicated home office. A ground-floor shower room completes this incredibly versatile level.

Ascending the staircase, the home continues to impress. A beautiful galleried landing serves three generous first-floor bedrooms, each offering its own individual charm. The principal suite enjoys the added luxury of a dedicated dressing room, while the remaining bedrooms are equally well-proportioned and beautifully presented.

The stylish family shower room has been just recently finished to an exceptional standard, featuring high-quality fixtures and a sleek contemporary design.

The staircase then continues to the second floor, where an exposed sandstone wall adds even more character as you reach the impressive fourth bedroom. This peaceful

retreat enjoys elevated views stretching across Skelton, neighbouring towns and towards the coastline, providing a wonderful sense of privacy.

Beyond the fourth bedroom lies an additional bathroom together with a highly versatile loft room, perfect as a dressing room, hobby room, studio, work-from-home space or invaluable storage.

Outside, Sundial House continues to deliver flexibility. The rear garden has been designed for low maintenance, allowing more time to enjoy the property rather than maintain it. There is currently off-road parking for two vehicles, although the layout offers exciting potential to either create additional parking or increase the garden space depending on individual requirements. A right of access is retained for the neighbouring cottage.

To the front, an enclosed lawned garden creates an attractive first impression while offering a pleasant outdoor space for families, children or pets.

Throughout every room, Sundial House strikes that increasingly rare balance between period elegance and modern practicality. It is a home that adapts effortlessly to growing families, professional couples, multi-generational living or those simply looking for something genuinely special.

The true scale, flow and atmosphere of this remarkable home can only be appreciated in person.
