DESCRIPTION

6 Westbury Gardens is a spacious four-bedroom detached house, constructed principally of reconstituted stone beneath a tiled roof. The property benefits from uPVC double-glazed windows throughout, an efficient air-source heat pump heating system, ten solar panels, and a solar water heater located on the gable end.

Externally, the property offers off-road parking, a double garage with adjoining workshop, and to the rear a delightful, private garden featuring a greenhouse and a large garden shed/hobbies room.

ACCOMMODATION

Patio doors open into the entrance porch, which features a tiled floor, lighting and a uPVC door leading into the entrance hall. The hall includes stairs rising to the first floor with a useful storage cupboard beneath. The cloakroom comprises a low-level WC, vanity unit, heated towel rail and half-tiled walls.

A glazed door leads into the sitting room, a bright dual-aspect space with a log burner, four wall-light points, a glazed sliding door to the kitchen and a square archway opening through to the dining room. The dining room enjoys views over the rear garden, with patio doors opening into the conservatory. The conservatory features two glazed doors to the garden, a glazed roof with four opening windows, tiled flooring, lighting and power. The spacious kitchen/breakfast room includes a shaped sink unit with adjoining worktop, together with a range of floor and wall-mounted cupboards and drawers. Appliances include a hob with stainless steel extractor hood over and an electric double oven with grill, along with space for a dishwasher and a water filter. There is a tiled floor, a door returning to the hallway, and an archway through to the utility room. The utility room provides a sink with adjoining worktops, a cupboard beneath, space for a washing machine, tiled flooring and a door through to the workshop/extended utility area. This additional space includes further worktops, access into the double garage and a glazed door to the rear.

The first-floor landing enjoys views towards the church and includes an airing cupboard with slatted shelving, along with trap access to the roof void. The loft features an aluminium ladder, lighting, partial boarding and contains the inverters for the solar panels. Bedroom One overlooks the front and includes mirror-fronted wardrobes and fitted bedroom furniture comprising bedside cabinets, overhead storage, a chest of drawers and corner cabinets. Bedroom Two overlooks the rear garden and benefits from a fitted wardrobe, recessed alcove shelving and wood laminate flooring. The family bathroom is fitted with a Jacuzzi-style bath, shower cubicle, pedestal wash hand basin and low-level WC, and features fully tiled walls and floor along with a heated towel rail.
