Southport's Estate Agent

Nestled in a secluded plot near vibrant Birkdale Village, this unique offering features two remarkable homes. 'Dramont', inspired by French architecture, welcomes you with a grand entrance hall leading to a vast living area crowned by a striking mezzanine. The home blends open-plan living with multiple reception rooms, ideal for entertaining. The master suite offers en-suite luxury and a walk-in dressing room, while a conservatory overlooks the established, mature gardens. Upstairs, three further en-suite bedrooms ensure privacy for all. Alongside, the Coach House offers airy, bright spaces. The living area centres on a log burner, with a sleek modern kitchen and island, ideal for gatherings. Upstairs, two spacious bedrooms and a stylish bathroom make it perfect for guests or investment. Both homes share beautifully matured, tranquil gardens, an exclusive lifestyle awaits. Birkdale Village is renowned for its boutique shops, independent cafés, restaurants, and wine bars, whilst benefiting from excellent commuter links via the Southport–Liverpool railway line. The area is also synonymous with world-class golf, with several championship courses nearby, including the prestigious Royal Birkdale Golf Club, proud host of the forthcoming Open Championship.

Upvc double-glazed window. Three-piece modern white suite comprising low-level WC, twin grip panel bath, and step-in shower enclosure with plumbed-in deluge-style shower and handheld attachment. Vanity wash hand basin with mixer tap and recessed spotlighting.

Outside

Both properties enjoy access to stunning grounds via a secure secluded driveway and electric remote gates. The grounds retain the character of their orchard heritage and have matured into tranquil gardens with sweeping lawns and established planting, with a variety of well-stocked shrubs, plants, and trees. A sense of peace and seclusion has been created, while still being located in one of Southport's most prestigious residential addresses. Additional gardens surround the property, including a vegetable patch/allotment and further secluded garden areas with seating, an absolute standout feature.

Coach House Solar Paneling & Heat Pump Resume

The system supporting the Coach House is in three parts: air source heat pump, one thermal solar panel, and nineteen photovoltaic solar panels. The heat pump and thermal solar panel provide hot water for both domestic and underfloor heating in the Coach House, with individual room thermostats. The photovoltaic solar panels charge four battery packs (296Ah) which supply electricity to both houses. When the batteries reach full capacity, the panels then power the immersion heater in the other house. When that is done and there is no more storage capacity, the system feeds back to the grid. From May to September, on average, the vendor confirms their electrical consumption is less than zero, they produce more electric than they use. The annual service for the heat pump is required, and an annual clean of the solar panels is advised. Apart from that, nothing else is required to maintain this excellent off-grid setup.

Council Tax

We understand from information provided by the local authority that the property is in Council Tax Band G. This information is provided for guidance only and should be verified by the purchaser.
