INTRODUCTION

We have been instructed by the Vendors to place this outstanding rural development site on the former site of Castle Lodge on the market.

SITUATION

Thirsk 3 ½ miles, Northallerton 7 miles, Boroughbridge 12 miles, York 25 miles, Sandhutton 1 mile, South Otterington 2 ½ miles (all distances are approximate).

This development site is conveniently situated on the edge of Breckenbrough, adjacent to the A167 road between South Otterington and Busby Stoop. The property is also in close proximity to the market town of Thirsk which provides a range of amenities, services and facilities.

Although the property is rurally based, it is also very accessible to the Historic City of Ripon and the popular market towns of Northallerton and Bedale. It is also within easy commuting distance of the A1(M) at Junction 50 near Baldersby bringing the larger centres such as Newcastle, York, Harrogate and Teesside within a reasonable commuting distance.

DESCRIPTION

The property offers a unique opportunity to purchase an attractive rural development site in a very desirable and reasonably private location, enhanced by its woodland setting extending to 1.51 acres approximately.

The development site sits on the former site of Castle Lodge which has now been demolished. The site has full planning permission to create a substantial detached 3 bedroom property which has been designed to support modern living, with open plan accommodation and vaulted ceilings, whilst being in a rural woodland setting.

The stone from the demolished lodge is on site, with the exception of 20 key quoins stones which are on the Vendors' nearby farm and are available for inspection by prior arrangement. All this stone is included in the sale price.

In addition, the Vendors already have some sample materials which have been approved by the Planning Officer for construction. These will be available for you to inspect and

subsequently to purchase from the suppliers by separate negotiation.

PLANNING PERMISSION

The property has the benefit of full planning permission to create a substantial 3 bedroom house in a private woodland setting. The planning permission is in accordance with Application Number ZB24/02198/FUL by North Yorkshire Council.

A copy of the Decision Notice is attached to these particulars or can be emailed upon request. The purchaser(s) should satisfy themselves that they can comply with the conditions set out in the Approval Notice.

BOUNDARIES

The boundaries of the property are shown edged red on the attached plan. The purchaser(s) of the property will be responsible for maintaining those boundaries which are marked by inward facing "T" marks on the plan.

ACCESS

The purchaser(s) will have the benefit of a right of way at all times and for all purposes, both with and without vehicles or animals

over the Access way (coloured orange between points A and B marked on the plan) for access to and egress from the property road.

SERVICES

Mains Water

The site has the benefit of a mains water supply, the approximate position of the Yorkshire Water meter is shown marked "W" on the plan.

Mains Electricity

The site has the benefit of mains electricity from the Northern PowerGrid electricity pole, the approximate position of which is marked "E" on the plan.

Foul Drainage

The current septic tank at the property requires replacing. The purchaser(s) will need to install a new package sewage treatment plant for the new development.

RA Dalton, Waste Water Specialists have prepared a report and have provided a budget quotation to supply and install the system. The budget quotation is £20,226 (including VAT). A copy of the budget quotation dated 1st May 2026 can be emailed to seriously interested parties upon request.
