CLARKE  GAMMON

15 GREEN LANE, GODALMING, SURREY, GU7 3SN

Thoughtfully designed with open plan and natural light the key emphasis, this charming home has been generously adapted by the current owners to offer stylish/contemporary living with the balance of a peaceful village setting combining superb connectivity.

Both the kitchen and the upstairs bathroom have been reimagined to maximise space, light, and practicality. Even the entrance has been reworked to create a welcoming approach allowing room for coats and footwear, so your home stays organised from the moment you step through the door.

The heart of the home is an extraordinary open-plan kitchen-dining space, flooded with natural light thanks to a striking roof lantern, high ceiling and expansive aluminium bi-fold doors that stretch from floor to ceiling. These doors open wide, erasing the line between indoors and out, letting you soak in garden views and bring the outdoors right into your living space.

Heating is smart and hassle-free too as the modern gas combination boiler (housed securely in the external side storeroom) works alongside the Tado smart home heating system, putting effortless control at your fingertips. Completing the ground floor: a handy utility area, and a light-filled front aspect living room, with a cosy wood burner ready for winter evenings.

The garden is a lush, established haven with mature trees, shrubs, and border plants create a beautiful, private backdrop that changes with the seasons. To the front, you will find off-street parking for two cars and bonus of a 7kW EV charger, perfect for electric vehicle owners.

The home's exterior is just as carefully considered with the extension featuring a striking durable, eye-catching Shou Sugi Ban (charred larch) timber cladding, while the entire roof is newly fitted with high-performance insulation and breathable membrane for all year-round efficiency.
