The heart of the home is a spacious living room with an elegant bay window flooding the space with natural light. This flows seamlessly through to the dining room, where patio doors open onto a sun-drenched, low-maintenance patio garden—ideal for alfresco dining or morning coffee. A useful outbuilding, previously used as a home office, offers flexible space for working from home, a studio, or additional storage. The newly fitted kitchen is a real highlight, featuring sleek contemporary design and integrated appliances throughout. Upstairs, three generous double bedrooms provide ample accommodation, with the two front rooms enjoying impressive far-reaching views. A modern wet room and separate WC complete the first floor.
