A MAGNIFICENT ARTS AND CRAFTS PERIOD CONVERSION, FORMING PART OF AN EXCLUSIVE DEVELOPMENT OF JUST SEVEN DISTINCTIVE HOMES, SET WITHIN APPROXIMATELY 1.5 ACRES OF BEAUTIFULLY LANDSCAPED SOUTH FACING COMMUNAL GARDENS.

Ideally positioned in a prestigious Hale location, close to Hale Golf Course and within walking distance of Hale Village and its excellent range of amenities. Each individual home benefits from its own private entrance, patio or courtyard garden and two reserved parking spaces. The superb accommodation includes impressive Open Plan Living/Dining/Kitchen spaces, two or three Bedrooms, En Suite facilities to the Principal Bedroom and, to selected properties, South facing First Floor Balconies.

A wonderful conversion of a magnificent Arts and Crafts period property, Halliwell House comprises six distinctive individual homes set within a magnificent garden plot extending to approximately 1.5 acres

The development is superbly located on one of Hale's most desirable and prestigious roads, with Hale Golf Course on the doorstep and within walking distance of Hale Village, with its excellent range of shops, restaurants and bars.

The original property is beautifully designed in keeping with the classic Arts and Crafts theme, with attractive part-rendered and brick gabled elevations, and enjoys an elevated position from the road, approached via a long, sweeping gated driveway leading to an extensive parking area serving the properties.

Perhaps one of the principal features of Halliwell House is its truly magnificent communal gardens, laid predominantly to the south side of the building. The elevated nature of the plot ensures wonderful views are enjoyed from the ground floor rear of the properties and, from the first floor. Particularly impressive far-reaching views can be enjoyed from the elevated balconies provided with selected homes.

There are four distinctively designed houses being offered for sale within the original property — not apartments — three of which are positioned to the rear and enjoy the magnificent south-facing views. The homes will range from approximately 1100 to 2220 square feet.

Each property benefits from its own private front door and entrance, rather than access via a communal hallway. In particular, the largest home, Number Two, enjoys the original principal entrance and wood panelled hall of the house, providing an especially impressive sense of arrival.

Numbers Three and Four have access to their own Cellars providing extensive storage.

In addition to the wonderful communal garden areas, each property has its own private terrace and/or courtyard garden.

This really is a wonderful conversion of a truly distinctive landmark property, set within one of the most desirable locations in Hale. The development will appeal to a wide variety of purchasers, including professional singles and couples, as well as those looking to downsize locally from a larger family home without compromising on character, quality, setting or outdoor space.
