This exceptional residence on Winnington Road is truly one of a kind. Inspired by the grandeur of Versailles, it is the only house in the area built in the Baroque style, while being seamlessly equipped with the most advanced modern engineering and Smart Home systems. The property offers the latest in comfort and technology, including a VRF air conditioning system for individual room control, a central heating system located discreetly in the garden, heated floors, supply and extract ventilation in every room, a Lutron lighting system, and full integration through Crestron Smart Home controls. For convenience, the house is serviced by an elevator to all four floors and offers three separate office spaces, ideal for working from home.

There are also four kitchens, catering to every need: a staff kitchen in the basement, the main family kitchen on the ground floor, a children's kitchen on the first floor, and a kitchenette on the second floor. Leisure and wellness are elevated with a luxurious swimming pool complex featuring a steam room, sauna, Jacuzzi, and guest facilities. The property is also safeguarded with CCTV camera (which can be remotely controlled), fire alarms, and intruder alarms in every room, while a Sonance acoustic system with discreet built-in speakers provides high-quality sound throughout.

An electric gated carriage driveway provides secure access and parking for multiple vehicles.

Arranged over four floors, the property offers an expansive total internal area of approximately 1,270 sq m (13,673 sq ft). This comprises 490 sq m (5,270 sq ft) in the basement, 342 sq m (3,680 sq ft) on the ground floor, 261 sq m (2,806 sq ft) on the first floor, and 173 sq m (1,864 sq ft) on the second floor. The ceiling heights range from 2.7m to 3.56m, adding to the sense of scale and grandeur. Set within a plot of 0.39 acres (0.16 hectares), the property offers both space and privacy.

The house underwent a meticulous refurbishment between 2020 and 2025, with only the front façade retained. Exquisite craftsmanship is evident throughout, with gilded stucco on ceilings and walls, marble finishes in bathrooms and the pool area, artistic marble and parquet flooring, and luxurious fabric wall coverings. Every room is enhanced by ornate gilded chandeliers and handcrafted Swarovski crystal sconces, alongside elegant baroque furniture. There are four fireplaces located in the dining room, sofa room, cabinet, cigar room, and conference room. The bathrooms and guest toilets feature 24-carat gold-plated fittings, while all windows are adorned with opulent baroque curtains.

Accommodation is generously appointed, comprising 10 bedrooms, 10 bathrooms, 5 guest toilets, and 4 kitchens. The principal ground-floor kitchen (31 sq m) is equipped with premium appliances, including Kaiser ovens and microwave, Siemens hob, Miele fridge, Liebherr freezer, CDA wine fridge, and Miele dishwasher. The children's kitchen (14.6 sq m) on the first floor, the staff kitchen (6.6 sq m) in the basement, and the compact second-floor kitchenette (2 sq m) are all fitted with Bosch appliances.

This property is not only a palatial residence but also a showcase of refined taste, modern engineering, and unparalleled luxury, making it one of the most distinctive homes in London.
