Withernsea, HU19 2DF

A modern four bedroom detached family home, built around 2015 and positioned on the western edge of the town within a short walk of local schools. This well designed property forms part of a small selection of homes of this style and offers a comfortable and practical layout, making it an ideal choice for families looking to move up the property ladder or settle within the town.

The property has been thoughtfully extended with a large conservatory, providing additional ground floor living space that complements the main lounge and open plan kitchen diner. The result is a flexible and sociable layout, well suited to modern family life.

The kitchen diner is fitted with a range of white gloss units with integrated appliances and forms the heart of the home, opening through into the conservatory to create a natural flow across the rear of the property. Tiled flooring flows throughout the hallway and kitchen diner, enhancing the sense of continuity and practicality within the main living spaces.

To the first floor, there are four bedrooms, including two with their own en suite shower rooms, alongside a family bathroom serving the remaining rooms. This level of accommodation offers a strong degree of convenience and practicality for family living.

Externally, the property benefits from off street parking, an EV charging point for future proofing, and an integral garage. The rear garden is fully enclosed and designed for low maintenance, being paved and gravelled, with a walled boundary providing a good level of privacy, making this a well balanced and practical family home.

To the front of the property there is a driveway providing off street parking and access to an integral garage, together with an EV charging point. A pedestrian gate to the side of the property provides access through to the rear garden.

The rear garden is fully enclosed and designed for low maintenance, being paved and gravelled, with a walled boundary offering a good degree of privacy. A personal door provides access into the rear of the garage.

Entering into the property, the hallway provides access to the ground floor accommodation, with stairs rising to the first floor landing and a ground floor WC for convenience. Tiled flooring flows through the hallway and continues into the kitchen diner.

The lounge is positioned to the front of the property and is a well proportioned reception room with a bay window providing natural light.

To the rear, the open plan kitchen diner is fitted with a range of white gloss units and integrated appliances, providing a practical and sociable space for dining and everyday use. This space flows naturally through to the conservatory, which extends the living accommodation

further and also provides access out to the rear garden.

There is also a mains electrical supply already installed underground, originally designed to accommodate a jacuzzi, offering excellent potential for buyers wishing to install one.

To the first floor, a central landing provides access to four bedrooms. Two of the bedrooms benefit from their own en suite shower rooms, while the remaining bedrooms are served by a family bathroom.
