"The kitchen is such an amazing size- it's so perfect for hosting! For a big birthday we managed to fit 30 friends for a sit down dinner, it was the happiest chaos! On summer evenings you can open up the huge back doors and let people spill into the garden, and if you're cooking people can gather around the huge kitchen island. We've had cosy Christmas's hosting family with the wood-burner on and carols at St Annes church. From the loft you see spectacular sunsets and fireworks across Bristol!"
