"AGENT'S COMMENTS"

This traditional rural country cottage with no immediate neighbours sits within an enviable 2.62 acres (STS) extending to mature cottage gardens and additional area of market garden, with circa 2 acres of enclosed grazing land, a range of block built stables, lean-to pole barn, poultry shed and several other buildings in various states of repair. The cottage comprises two reception rooms, kitchen and lean-to utility space, sun room and two bedrooms. Whilst a structural survey has not been carried out on this property, there are obvious signs of cracking and sloping floor levels. With recent 2024 LPG combination central heating boiler and offering an abundance of potential for renovation or redevelopment, the property is located on the outskirts of a pretty rural village, yet close to main road connectivity and is brought to the market with no onward chain.
