

RIVER VIEW

A Once in a Lifetime Opportunity, in the Peak Park

Welcome to RIVER VIEW

A once in a lifetime opportunity to craft your dream home in the heart of the Peak District National Park. Available to purchase is a 2 acre building plot, sold with the benefit of full planning permission for a 15,300 square foot dwelling, designed by Blenheim Architecture.

The proposed plans have been thoughtfully considered for the requirements of modern family living, resulting in incredible spaces that compliment the property's surroundings. Where panoramic views over Hope Valley are framed by floor-to-ceiling glazing and a peaceful environment can be enjoyed throughout, the potential for River View has been made tangible through imaginative design.

The feeling of luxury has been incorporated into every corner of this residence, with sizeable living spaces set over three floors and an impressive wrap-around outdoor terrace to two of the levels. The ground floor is where you will find a grand entrance hallway, connecting to an open plan living kitchen, library and an additional hallway

leading to two bedroom suites and the integral triple garage. The remainder of the bedrooms will be set on the first floor, all with en-suites and dressing rooms. For anyone seeking space to host, the proposed plans for River View dedicate an entire lower ground floor for leisure and entertaining, including a twelve-seater cinema and bar. An impressive swimming pool, along with changing facilities, sauna and steam rooms, a gymnasium and a treatment room, present the perfect retreat for a leisurely pace of life.

Currently occupying the plot is a six bedroomed detached house, which will be demolished as part of the planning permission. The current home benefitted from a recent scheme of works prior to planning being granted. The existing accommodation comprises an impressive open plan living kitchen that takes advantage of the views, an extensive master bedroom suite, four additional double bedrooms and five bathrooms. A landscaped, level garden sits to the rear and includes multiple seating terraces, perfect for relaxing.
