Description

Robert Luff & Co take great pleasure in welcoming to the market this exquisitely designed and high specification finish family home to the market. Offering three bedrooms, two bathrooms and an additional en-suite this home provides a wonderful amount of space and with a warm and inviting kitchen family room to the rear offers an ideal space to entertain and includes a large pantry providing ample storage. Situated close to Lancing Village high street with its array of shops, cafes and eateries along with a mainline train station this property would be perfect for commuters. Internally the property has been renovated by the current owners to a wonderful standard throughout which boasts interior design to please even the highest of tastes and offers a home ready to move straight into. The property also benefits from ample off road parking, wrap around south westerly aspect garden and a detached garage, the current owner has also installed new insulation both inside and outside which has helped to improve the previous EPC rating to the C grade that it has now, this means that the property is more energy efficient.

The current owners have enjoyed every minute of living in this beautiful home, they will miss the BBQ's they have had in the sunny garden and their favourite room in the house, their kitchen family room, which they spend much of their time in. They would not be selling if it was not due to a job relocation and hope the next owners love it as much as them.

Key Features
