Discount to Market Scheme

The Preston Discount to Market Scheme, providing eligible buyers with the opportunity to purchase at 33% below the current market value.

What does that mean...

The property is being sold at a 33% discount, helping make home ownership more affordable for qualifying first-time buyers.

THIS IS NOT SHARED OWNERSHIP. There is no rent payable on the remaining 33% – making this a fantastic opportunity for those who meet the scheme's criteria.

Who can buy a discounted property?

The exact criteria to buy a discounted property can differ between schemes, but generally include the following criteria:

- You are unable to afford a property on the open market (total household income less than 60k)
- Must have a local connection to the Preston area.
- Be able to demonstrate a Housing Need for the property type. To be approved for a 3-bedroom property, applicants must evidence that all three bedrooms will be in use. For example, this could include dependants living at the property, an additional bedroom required for care needs, or a bedroom needed as a home office. After a property has been advertised for 4 weeks, if it remains available, this requirement can be relaxed so that applicants only need to evidence that 2 out of the 3 bedrooms will be in use.
- Be a first-time buyer, or if you are currently a homeowner (or named on the mortgage), you can apply, but must sell the property (or name removed) before you can complete the purchase of a discounted property.

Applicants must be one of the following:

- A UK or Irish citizen
- A EEA national with settled status in the UK
- A non-EEA national with valid leave to remain in the UK that does not include a "no recourse to public funds" condition.

What is a local connection?

To buy a discounted property, you must have a local connection to Preston, this can be a person who;

- Is a resident in the local area; or
- Is permanently employed in the local area and reasonably required to be housed there to maintain that employment; or has accepted an offer of permanent employment in the local area and reasonably requires to be housed there to take up that employment; or
- has a long-standing connection to the local area and requires family support from relatives living within the local area, or has relatives living in the local area who reasonably require support.
