The property has been extended and comprehensively refurbished in recent times to create a genuinely spacious and highly practical family home, offering versatile accommodation with the potential for up to five bedrooms. On entering, the sense of space is immediately apparent, complemented by a smart modern finish, updated kitchen and bathroom fittings, generous built-in storage, replacement anthracite double-glazed windows and doors, an upgraded gas central heating system, and enhanced insulation. Flooring includes fitted carpets to the bedrooms and principal reception rooms, with attractive tiling to the reception hall, kitchen, utility and bathroom areas, where electric underfloor heating adds further comfort. The ground floor features a spacious double-aspect living room, a separate dining room, and a well-appointed kitchen/breakfast room with a central island unit and double doors opening to the patio terrace. A small study provides an ideal home office, while a ground-floor double bedroom with a beautifully finished en suite shower room offers excellent storage and is particularly suitable for those requiring level-access accommodation. A cloakroom and generous utility room complete the ground floor. There is excellent potential to create an annexe by combining the ground-floor bedroom with en suite, the utility room and the dining room, ideal for multi-generational living if required.

Upstairs, the superb master suite overlooks the rear garden and includes fitted wardrobes, a dressing area and a stylish en suite shower room. Two further double bedrooms, each with access to storage, and a family bathroom with both bath and separate shower add to the generous accommodation. Photovoltaic solar panels fitted to the roof help reduce day-to-day running costs and paired with the battery storage further enhance the efficiency with an EPC score at the higher end of a 'B' rating.

Outside, the gardens are a particularly attractive feature of the property and, despite their generous size, have been thoughtfully designed to remain as low-maintenance as possible. To the front, there is ample off-road parking and turning space for several vehicles together with an EV charging point and scope to add a double car port if desired (subject to planning permission). The rear garden enjoys wide open lawns bordered by established planting, along with a patio terrace ideal for outdoor dining and a useful timber garden store.

LOCATION

Ansbeck enjoys an enviable position on Southdown Road, one of Freshwater Bay's most desirable residential addresses. This peaceful coastal setting places the property within easy reach of the Bay's dramatic chalk cliffs, sheltered beach and renowned walking routes across Tennyson Down as well as the 18 hole golf course located at the top end of the road. Freshwater village centre is only a short distance away, offering a useful selection of shops, cafés and everyday amenities including a sports centre, swimming pool, and doctor's surgery, while the nearby harbour town of Yarmouth provides excellent sailing facilities and convenient mainland ferry links. The combination of coastal scenery, countryside access and village convenience makes this an exceptional West Wight location.

OUTSIDE

The extensive grounds wrap around the property and have been landscaped with ease of maintenance in mind, despite their generous scale. To the front, a large lawn is bordered by plant/shrub beds, alongside a substantial driveway providing parking and turning space for several vehicles. An EV charging point is conveniently positioned near the parking area, and there is excellent scope to construct a double car port if desired (subject to planning permission).

The side and rear gardens are laid to formal lawns with a variety of shrubs and trees along the boundaries, together with pathways that lead up through the garden, one of which provides access to a useful timber garden store. A patio terrace, enclosed by contemporary balustrading and positioned adjacent to the property, offers an ideal space for relaxation and outdoor entertaining. The grounds are mainly enclosed by timber fencing to the front, one side and the rear, while an established boundary hedge encloses the remaining side, creating a safe, private and expansive area for leisure and play.
