Overview

Camel Coastal & Country are delighted to present this exceptional newly built four-bedroom contemporary home, positioned towards the end of the quiet residential cul-de-sac of Welway in the popular coastal village of Perranporth. Heathcroft is an architecturally striking property featuring reverse-level living that makes the most of the outstanding sea and coastal village views from the first floor.

The thoughtful design places the expansive open-plan living, kitchen, and dining space on the first floor, where a dramatic full-height glazed gable end with French doors opens onto a private glass-balustraded balcony. From here, panoramic views stretch across the rooftops of Perranporth to the golden sands of the beach and the Atlantic beyond — a vista that changes with every tide and season. The living space extends to an impressive 32'10" x 21'4" with vaulted ceilings and exposed timber beams, creating a light-filled, sociable heart to the home.

The contemporary handleless kitchen features sleek white and oak-effect cabinetry with premium quartz worktops, integrated Bosch oven and microwave, Siemens induction hob, and integrated fridge/freezer. A useful utility room and WC complete this level.

The ground floor provides four well-proportioned bedrooms. The principal bedroom benefits from an en-suite shower room with walk-in shower, wall-hung vanity, and stylish green-grey feature tiling. Two further generous doubles and a versatile fourth bedroom (ideal as a study or nursery) are served by a family bathroom with bath and shower over. Two bedrooms have direct access to the enclosed rear garden.

Externally, stone-paved patios provide private outside entertaining space, while block-paved parking to the front accommodates 2–3 vehicles. Heated throughout by an air source heat pump delivering underfloor heating to every room, with solar panels further reducing running costs, this home has been built with sustainability and low running costs at its core. A ten-year new build warranty provides complete peace of mind.
