Outside
The house is approached over a long farm drive approximately 150m off Hartwell Lane. There is parking for several cars to the front of the house and gardens to all sides. The boundary fences have recently been adjusted to create a larger garden and to create space to accommodate the new sewerage treatment plant. The gardens are mainly lawn with newly installed post & rail fence boundaries. The purchaser will be responsible for planting a hedge within the boundary as specified within the contract of sale in either beech, holly or hawthorn.

There is plenty of scope to extend the property (subject to planning). Please note; there are drains running through the site to the right hand side of the house as viewed from the lane, so it may not be possible to extend on this side of the property.

General Information
Services; Mains water & electricity. Oil fired central heating. Drainage to a private bio-disc type sewage treatment plant (newly installed August 2026)
