The property has undergone an extensive programme of works since 2017, with particular attention paid to craftsmanship, materials and the finer details. The result is a home that retains much of its original charm while providing the space, specification and versatility expected of modern family living. Stepping inside, the entrance hall immediately sets the tone. The original staircase handrail has been carefully retained, with the balustrade rebuilt by a specialist carpenter, while bespoke joinery, solid internal doors, carefully selected finishes and restored period details continue throughout. To the front is an elegant reception room with a large bay window, bespoke fitted cabinetry and shelving framing a handsome fireplace. Currently arranged as a home office, this is a beautifully finished room that could equally serve as a formal sitting room.

The heart of the house is undoubtedly the outstanding open-plan kitchen, dining and family space. Significantly extended to the rear in 2019, it provides an impressive setting for both everyday family life and entertaining. The bespoke kitchen was individually designed and spray-finished, incorporating extensive cabinetry, generous preparation space and a central island, while rooflights and multiple sets of doors draw natural light deep into the room and create a wonderful connection with the garden. Within this expansive space are clearly defined areas for cooking, dining and relaxing, complemented by herringbone-style flooring and wet underfloor heating. An additional reception area sits between the front and rear of the house, providing further flexibility for family living. Elsewhere on the ground floor is a separate lounge, a dedicated study/playroom, utility area and guest cloakroom. The former garage was professionally converted in 2024 and now provides a highly versatile office/occasional fourth bedroom, complete with electric underfloor heating and its own external access – ideal for home working, guests or older children.

Upstairs are three bedrooms. The principal bedroom is an impressive space with extensive bespoke fitted wardrobes and its own beautifully appointed en-suite. Two further bedrooms are served by a stylish family bathroom, finished with marble-effect tiling, traditional detailing and a double vanity unit. Bespoke cabinetry and carefully considered finishes continue throughout the first floor. The quality of the refurbishment extends far beyond what is immediately visible. The house was comprehensively rewired and re-plumbed as part of the 2017 renovation, with new fuse boards, boiler, pipework and water storage installed. The windows were also replaced with carefully replicated designs, finished black externally and white internally to retain the character of

the house while enhancing the interiors. Technology and security have also been thoughtfully integrated, including CAT6 cabling serving the first floor, offices and extension, together with a fully serviced Banham alarm system incorporating panic buttons, motion sensors and shock sensors.

Outside, the rear garden was extensively landscaped and re-levelled in 2020, with new turf, fencing and a side patio. The generous garden provides an excellent extension of the entertaining space during the warmer months, while a substantial shed to the rear offers useful storage for bicycles and garden equipment. To the front, the driveway has also been renewed and landscaped, providing off-street parking and an attractive approach to the house. The loft has been boarded, insulated and fitted with lighting, providing additional storage.

Princes Avenue is a prime residential turning within the prestigious Monkham Estate, known for its family-friendly environment and attractive surroundings. The property is ideally located within easy reach of Woodford Central Line station, providing direct access into London, as well as convenient links to the M11 and M25. The area is also renowned for its excellent selection of both state and private schools, making it particularly appealing for families. A variety of shops, cafes and restaurants can be found nearby on The Broadway and Woodford High Road, while the open green spaces of Knighton Woods and Epping Forest are just a short walk away, offering the perfect escape for outdoor leisure.
